Explanation of Responses:

Rights

1. Each restricted stock unit represents the right to receive, at settlement, one share of common stock (plus dividends accrued on the underlying shares) and are granted to the reporting person pursuant to the issuer's long-term incentive compensation plan for employees. The shares vest ratably over a three-year period on each annual anniversary of the grant.

2. Each restricted stock unit represents the right to receive, at settlement, one share of common stock (plus dividends accrued on the underlying shares). The restricted stock units vest over a three-year period, with one-third vesting on the second anniversary of the grant and the remaining two-thirds vesting on the third anniversary of the grant.

3. Each performance right represents a contingent right to receive one share of the issuer's common stock at vesting. The performance rights vest at a rate between 0% and 200% based on performance against two factors over a three-year performance cycle beginning on January 1, 2021 and ending on December 31, 2023: 1) the issuer's three year average free cash flow ("FCF") as a percentage of net income; and 2) the issuer's return on invested capital ("ROIC") measured against the issuer's targeted ROIC improvement under its operating plan. Additionally, a relative total shareholder return ("TSR") modifier will be applied that may result in a positive or negative 15% adjustment to the otherwise earned performance rights. The performance rights may be settled, at the issuer's discretion, in cash or shares of common stock. Remarks:
